### **Last Event:**

- Water Balloon Dodgeball was set for 6/15/19. We had approximately 70 people in attendance throughout the entire event. We are returning \$242 back to area from that event.

### **Committee Activities, Accomplishments, Specific Problems or Situations:**

- Kristin was voted in by Area to be Activities Chair. We are currently working on finding a vice chair, but currently nobody with the clean time has the willingness.
- Next event will not be until September. We are currently planning a concert, but details are still unknown. If we cannot solidify details at the next event, we will look into doing some kind of smaller event.
